Motor:	0.75 kW
Protection:	IP x6
Weight:	220.5 lbs.
Dimension XXL:	35.83 in x 59.45 in x 35.83 in
Dimension XXL PRO:	35.83 in x 28.54 in x 47.25 in
Up to XXL:	3307 lbs/h
Up to XXL PRO:	1764 lbs/h
Discs Ø:	9.45 in

DRAWING CUT

Our unique drawing cut geometry prevents the unnecessary loss of nutrients and vitamins. Thanks to this method, the cell structures of even the most delicate vegetables or fruits are hardly damaged. This results in a significantly longer shelf life for the processed products and a long-lasting perfect cut. The technique is based on the geometry of pulling when cutting by hand. The unique shape of the curved blades cuts the product precisely and efficiently without crushing it. Gentle and effortless for perfect results.

DISCS

Each knife is manufactured in our in-house knife factory and sharpened by hand. Each grating disc is individually punched, stamped and sharpened. Thanks to this unique manufacturing process, our knives convince with an unrivalled average service life of 5 years. Our cutting discs feature dishwasher-safe and antimicrobial fibreglass composite material.
